### **REMARKS**

Claims 1 through 93 are pending in the original application. In an Election Restrictions dated March 24, 2004, the Examiner indicated that election of either of the above-identified species was required. Applicants hereby respectfully elects the species identified as Group I above. The following is a listing of all claims readable on the elected species: Claims 1-30, 34, 37, 41-72, 76, 79, and 81-93. Respectfully, claim 43 further describes the "top level of the tree" and does not require plural end users, and, therefore is appropriate to the species of Group I. Claim 76 is dependent upon claim 44, identified by the Examiner as belonging to Group I, and adds the elements of "point of interest expression" and "means for displaying", but also does not require plural end users. In the event the Examiner does not agree with this characterization of claim 43, Applicants provisionally elect Group I with claims 1-30, 34, 37, 41-42, 44-72, 76, 79, and 81-93; or in the event the Examiner does not agree with this characterization of claim 76, Applicant's provisionally elect Group I with claims 1-30, 34, 37, 41-72, 79, and 81-93; or in the event the Examiner does not agree with this characterization of both claims 43 and 75, Applicants provisionally elect Group I with claims 1-30, 34, 37, 41-42, 44-72, 79, and 81-93.
